### ADDITIONAL ELECTIVE (3 CREDITS)

Select one additional course, either from the list above or another graduate course with your advisor approval

## SPECIAL CONCENTRATION

Students must complete 6 elective courses (18 credits)

The special concentration affords the opportunity to explore and combine subfields without sacrificing the rigorous core and the technical skills that it conveys. In concert with a faculty advisor, students will be able to design a program of study tailored to his or her interests and career ambitions. Students must apply for a special concentration and receive prior approval, before pursuing this course of study.
